SVE Case Study ADR conversion

Project

The Astra ADR conversion modifies a standard rigid or tractor chassis cab, to make it suitable for fuel or gas tanker application. These conversions include all necessary electrical safety modifications, the content varying depending on vehicle application and the level of standard equipment provided by the vehicle manufacturer.

Astra can offer partial or full conversion including an authorised inspection test and issue of appropriate certification.

Variants

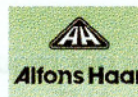

- ADR categories Ex II/III, FL, Ox, AT, 'Pet Reg' or SLP—safe load pass
- Supply specifications vary, dependent on category required

Options

- Fire screens
- Ex approved tacho, Ex approved CD radio
- Sun roof replacements and sealing
- Cab kits—including Trem card holder, eye wash bottles, first aid kit, warning triangles, wheel chocks, 'hi vis' vests, emergency hammer and belt cutter, Ex rated torch
- Astra 'Pet Reg' exhaust systems
- Mudwing kits
- **Approved installer for Alfons Haar compressor products**

Astra is a leading UK supplier to the commercial vehicle sector, providing custom stainless steel exhaust systems and specialist vehicle engineering services.
